

## Fence Panel Security Bracket **PSB**

A bracket designed to secure the fence panel securely to the post.

## Fence Post Wall Bracket **PWB**

To secure the post to the wall.

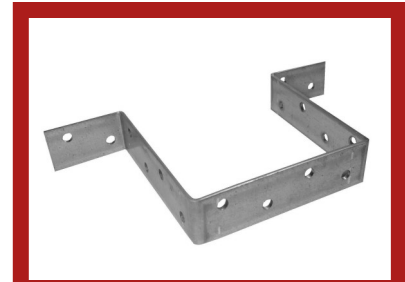

- Available for 75mm or 100mm posts.
- Holed 6mm at 25mm offset centres.
- 2.4mm thick.

### SPECIFICATION

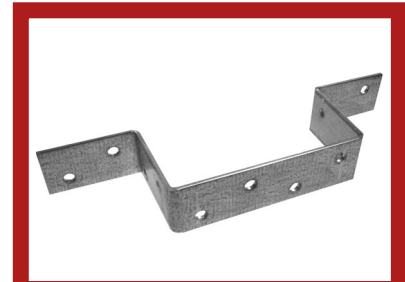

- Galvanised steel EN 10346 DX51D Z275.

### INSTALLATION

- Use appropriate fixings.
- Always ensure that compatible resistant fixings are used, i.e. do not use galvanised fixings with stainless steel products or vice versa.
